The Truth About How **We** The People Took Back The World

26th Jan 2013

I hereby dedicate this book to all the Return Service Men, From Past World Wars, and Conflicts to all our Military People serving today.

We the 23 Million People owe you all a Deep, Deep Humble Thanks for the current **"Freedoms we have in Australia and For Our Free Speech"** which we all demonstrate daily.

Thank You!

Following your lead people, the World and Whole Humanity have been fighting a Secret War behind the scenes to take back **"Australia and The World"**

From Zionist Jewish Bankers – Globalist, I **OzBoy1717** & **Nephilim 70** and many, many, many, many thousands of people that have been working behind the scenes to take back **"Australia and The World."**

The Truth About How “We” The People Took Back The World

When many of us started to wake up how the Whole Of Humanity’s direction was to take another course, many, many, many, many thousands of us **(Infiltrated The World Chess Board Game For Control)**

What our names are does it really matter?

What is our email address does it really matter?

What our phone numbers are does it really matter?

Where we live does it really matter?

There is two Secret Groups Operating in The World Today.

- **“Factor X”** – These people work out of Washington DC, they have infiltrated The US Military at the Highest Rank right up to The Joint Chiefs – Personal Assistants – Attaché ~ Officers, FBI, CIA, NSA, Local Policemen and Women.

There is approx 349 people Operating behind the scenes, these people also have contact with “Planted Spy’s – Office Workers” in Senators & Congressman and The White House.

The easiest way to tell is when US President Barrack Obama or any other Politician comes out and announces some **“Fruit Cake” – “Half Baked”** –

The Truth About How **We** The People Took Back The World

“Hair Brain Idea” just sit back and watch it to go Pear Shape and who is standing there in front of the camera with egg on their faces.

(This is “Factor X” at work)

- Who said you need Guns, Bombs and Weapons, Tanks and so forth to make a Dumb Ass of these **“Puppet Leaders”** put into Office by **“Greedy Jewish Bankers & Globalist”**

Bubble Head – Bubble Head Greedy Bankers & Globalist

None of these people know about “Corporate – Company Hierarchy” these **“Puppet – Stooge Leaders”** put up like US President Barrack Obama have their noses in the Pigs Trouvere.

I mean Lets Take President Obama Administration

The Chinese Call Him Monkey Boy – or – A Traitor to his own country, one reason Obama will never travel to China on holidays.

The Truth About How **We** The People Took Back The World

He Has: -

- CFR People
- Trilateral Commission People
- Federal Reserve Bank People
- AIPAC People
- Defence Lobbyist People

Dumb Ass, Dumb Ass, Dumb Ass Obama

All these people will be pushing and fighting, feeding each other (False – Fake) stories and ideas trying to get ahead, position themselves and their group higher up the Ladder any (Cleaner In a Business or Corporation) will be able to tell you this.

So US President Barrack Obama administration is bound to fail.

The second group we will call **("A Borg Collective")** I wrote about this at Christmas time, people never read what I had to say?

Its about **"Humans – Inbuilt desire to live, strive, fight"**

Also about **"Collective Consciousness"** has this something we as Humans have lost the whole art of communication, talking to each other, sharing ideas, plans, our inner most thoughts.

The Truth About How **We** The People Took Back The World

Then write all these down together on a bit of paper and implement all these things for a better World, Country and Local Community where we lived.

Divide and Conquer this is where they have broken the whole Human Race down so we cannot work together anymore without arguing and fighting and trying to step over the next person for that pay rise, promotion or even to win friends.

("A Borg Collective")

Is more powerful then any **"Fusion Centre" – "Data Collection & Minding Centre"** – or – much more Powerful then any computer the Military can come up with ever.

I would advise people to watch old Star Trek Movies of Borg Collective and how it's built, how it operates working each part separately together.

But I fear the Human Race is too late in this area as I show you the next story peoples mouths are going to open wide and say **"Oh My God" – "Fuck"** all those Terminator Movies **"The Great Evil Satan"** United States of America and some other 50 countries about the World are well on the way of implement the following story.

The Truth About How **We** The People Took Back The World

And people in Australia believed Julia Gillard, Tony Abbott when they said Australia is buying 300 US Drones to be used in Air Support protecting Australia's shorelines BS.

They will be used as the following story shows to kill anybody who steps out of line, attack any groups, protest marches or even Police the streets at night under marshal law.

Welcomed to 1984 George Orwell warned everybody!

V For Vendetta warned everybody !

4 Terminator Movies warned everybody!

1984 Washington DC ordered the **"Official Transfer Ownership Papers Draw Up of Australia"** registering it as a Corporation on the Securities and Exchange Commission and given over to The UN – United Nations for safe keeping until its then transferred back to IMF, World Bank or US Federal Reserve.

You dam ignorant idiots out there, so in other words all those **"Conspiracy Theory"** people were right all these years and you made fun of these people.

Enjoy the next 7 years of misery and pain, and murder, cold-blooded killing, torture and jail.

Self-Defense Guide Against American Killer Drones

I took this picture while visiting the USA in 2006.

One weekend, I was invited to participate in a peace rally at the city's central park.

While sitting there with a few friends, I looked around. It looked like a huge picnic.

People sitting in small groups, far enough from each other to allow privacy.

The Truth About How **We** The People Took Back The World

Suddenly, I heard a helicopter.

It was a noise foreign to the place.

Instinctively, I stood up and moved next to the nearest tree from the improvised stronghold I looked around.

The noise was everywhere and seemed to originate nowhere.

Looking upwards, I readied my camera. Suddenly a black chopper approached us.

At its lower front side was a surveillance pod.

It travelled above the people filming them it looked like a scene taken from George Orwell's **1984** .

I kept walking around the tree so that the iron - beast won't have a direct sightline with me.

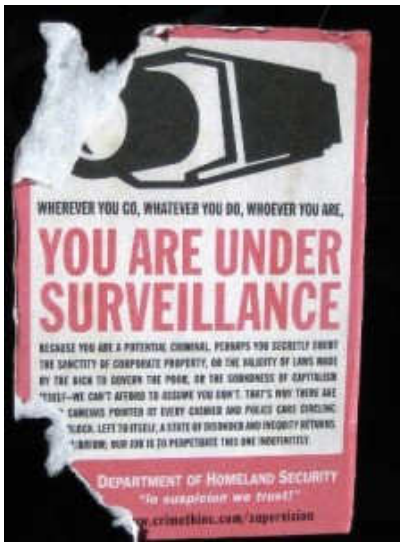

"Cover your face," I told my friends who were sitting in the open.

Instead of obeying the urgent order, they questioned me why.

Disappointed, I kept pointing my tiny camera at the violator hoping to get a good picture.

The Truth About How **"We"** The People Took Back The World

Not far from the scene of that crime, I found the sticker reproduced here.

It was placed next to the library one of the librarians was busy trying to destroy it.

As I approached with the camera, she returned to the library.

The sign is quite specific; all the actions it correctly attributes to the government are serious violations of local laws, the **Universal Declaration of Human Rights**, and the **International Covenant on Civil and Political Rights**.

The American Government considers itself above the law, free to violate **its own citizens** and **guests**

Associated Press is one of the world's largest news agencies.

The Truth About How "We" The People Took Back The World

Centered in New York, it provides material to almost 2,000 newspapers around the world.

One doesn't expect from such an organization to be respectful of human rights simply it is strongly related to the establishment.

Yet, on February 21, 2013, it published an astonishing document titled **The Al-Qaida Papers – Drones**.

The title is linked to their site I strongly recommend downloading the document.

Before the astonishing text, the agency placed a notice: "This document is one of several found by The Associated Press in buildings recently occupied by al-Qaida fighters in Timbuktu, Mali.

Below are the original in Arabic and a translation in English.

There is no proof of that, but it doesn't matter.

The document is a self-defense guide against American killer drones

The document begins with an almost academic review of the war, claiming, "Americans fully realize that they are in the 10th year of war and that they were economically exhausted and suffered human losses.

The Truth About How **We** The People Took Back The World

And they were confronted with public pressure backed by the Congress in a way that it made the honorable and responsible withdrawal from the war as a prime goal of the White House."

The Drone War is presented as an alternative military strategy enabling the USA to continue its war without being economically depleted or suffer human losses and avoid the American public opinion pressure.

Following a riveting analysis of costs, the document describes 22 techniques used for protection against this illegitimate assassination machines.

The text was written in Yemen, a **main target** of killer drone attacks, but was allegedly found in Mali, where local victims have adapted the techniques to the different ground conditions and available materials.

Most of the techniques would be immediately recognized by those with even a basic military training.

Don't create routines, keep quiet, avoid obvious patterns, scatter away, use decoys, and use topography in your favor.

Basic jamming is described more advanced techniques are referred to.

The Truth About How **We** The People Took Back The World

The first recommendation is: "It is possible to know the intention and the mission of the drone by using the Russian made 'sky grabber' device to infiltrate the drone's waves and the frequencies.

The device is available in the market for \$2,595 and the one who operates it should be a computer know-how."

Where can one find a discount?

Unluckily, they didn't share that valuable detail.

No less interesting due to its disclosure of Western terror techniques is the following comment "The drones used in the attacks in Swat Valley depend on electronic chips or radioactive dyes placed at the target by the spy or the agent then the guided missiles come directly toward these targets."

Sadly, this probably discloses the attack technique used against the **American citizens assassinated by the USA** in Yemen; probably they were carrying such devices.

We are living in tough times governments ignore the basic laws awarding them legitimacy.

Help against their violence is scarce yet, sometimes it arrives from the empire's heart.

The Truth About How **"We"** The People Took Back The World

Really?

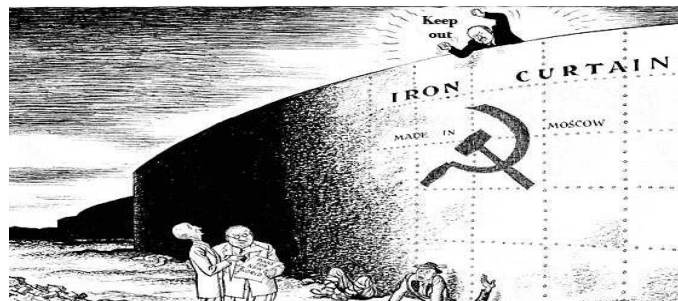

Why should the Heart of Darkness allow such a publishing?

Is the document real?

Most probably this is an attempt by the American security services to stain all its citizens so that they should be treated as lepers, suspected of unwillingly cooperating with evil.

Childish after all, this can be thwarted.

Introduction

Welcomed to **"The OzBoy File"** – **"The Truth About How "WE" The People Took Back The World.**

This book eventually one day will be a master piece but at this present stage its nothing, NO Publisher will publish this because they care controlled and owned by the same Greedy Bankers and Globalist who own and control 96% of the Worlds Media.

In any case until then it will all just be classed as **"Conspiracy Theory"** written by some nut case, Tin Toil Hat person.

Lets see how many people are still saying that very soon?

Please take note of the following story, while you were asleep at the wheel, in this report they are telling people what is planned for you all.

West Point Think Tank Labels "Civil Activism, Individual Freedoms and Self-Government" As Terrorism

January 21, 2012

If you thought that the recent propaganda campaign waged by the SPLC was bad, just wait til you hear this.

A new think tank is now suggesting that people who are interested in peace and freedom must obviously be terrorists.

The Truth About How “We” The People Took Back The World

Their report also vilifies groups labeled as “Far - Right” and although i do not fall within the left / right paradigm, i can still see that this is blatantly one sided.

According to the Washington Times: “A West Point think tank has issued a paper warning America about “Far Right” groups such as the “Anti - Federalist” movement, which supports “Civil Activism, Individual Freedoms and Self - Government.”

The report issued this week by the Combating Terrorism Center at the U.S. Military Academy at West Point, N.Y., is titled “Challengers from the Sidelines: Understanding America’s Violent Far-Right.”

The center — part of the institution where men and women are molded into Army officers — posted the report Tuesday. It lumps limited government activists with three movements it identifies as “a Racist / White supremacy movement, an Anti-Federalist movement and a Fundamentalist movement.”

The West Point center typically focuses reports on al Qaeda and other Islamic extremists attempting to gain power in Asia, the Middle East and Africa through violence.

But its latest study turns inward and paints a broad brush of people it considers “Far Right.”

The Truth About How “We” The People Took Back The World

This grouping with white supremacist groups works to “Poison the Well” and associate peaceful people who resist authority along with violent gangs and terrorists in the minds of the general population.

The report went on to indicate that: “It says Anti - Federalists “Espouse strong convictions regarding the federal government, believing it to be corrupt and tyrannical, with a natural tendency to intrude on individuals’ civil and constitutional rights.

Finally, they support civil activism, individual freedoms, and self government.

Extremists in the anti-federalist movement direct most their violence against the federal government and its proxies in law enforcement.”

The report also draws a link between the mainstream conservative movement and the violent “far right,” and describes liberals as “future oriented” and conservatives as living in the past.

“While liberal worldviews are future- or progressive - oriented, conservative perspectives are more past-oriented, and in general, are interested in preserving the status quo.” the report says.

“The far right represents a more extreme version of conservatism, as its political vision is usually justified by the aspiration to restore or preserve values and practices that are part of the idealized historical heritage of the nation or ethnic community.”

The Truth About How **We** The People Took Back The World

The report adds: "While far-right groups' ideology is designed to exclude minorities and foreigners, the liberal-democratic system is designed to emphasize civil rights, minority rights and the balance of power."

The report says there were 350 "attacks initiated by far-right groups / individuals" in 2011.

Details about what makes an attack a "far right" action are not clear in the report, which was written by Arie Perliger, who directs the center's terrorism studies and teaches social sciences at West Point."

As more people begin to wake up and see the corruption that is inherent in the system, there will be more of a push to demonize these people and label them as violent, problematic people.

As more people begin to wake up and see the corruption that is inherent in the system, there will be more of a push to demonize these people and label them as violent, problematic people.

In reality, it is the government that is violent and problematic, and that is exactly what this propaganda is designed to cover up.

The Truth About How "We" The People Took Back The World

Chapter 2)

Why is There a Commonwealth of Australia Registered in Washington DC?

Would you be surprised to find a company with the same name as your country registered with the Security and Exchange Commission (SEC) in Washington DC?

Well, guess what!

Among those listed as corporate entities by the United States SEC

Israel, Turkey, Italy, Hungary, Sweden, Finland, Argentina, Colombia, Brazil, The Philippines, South Korea, Japan, Jamaica, South Africa, Canada, Australia... and my personal favourite (and I quote) "Her Majesty the Queen in Right of the Province of Alberta as represented by Alberta Investment Management Corp."

Interesting!

So what could all this mean?

For the purpose of this article we will follow the example of Australia.

The Truth About How **We** The People Took Back The World

VS.

Australia.... the lucky country?

- SEC Entity Name: COMMONWEALTH OF AUSTRALIA
- SEC Central Index Key (CIK): 0000805157
- SEC Standard Industrial Code (SIC): 8880 (UNKNOWN)
- SEC Business Address: 1601 MASSACHUSETTS AVE NW WASHINGTON DC 20036
- Fiscal Year End: 0630

Well, that certainly raises some questions!

The Truth About How "We" The People Took Back The World

The 'COMMONWEALTH OF AUSTRALIA' is registered as a corporate entity with the United States SEC

Why is a company called 'COMMONWEALTH OF AUSTRALIA' registered in Washington DC?

What reason could there be for a country to be registered as a company?

By definition, aren't corporate and government entities mutually exclusive?

And doesn't government regulate companies?

Why would Australia be registered with the SEC in the United States?

And why would it provide a 'Prospectus' and annual 'Economic and Fiscal Outlook' documents to the SEC?
And be subject to SEC regulation?

Why is the Great Seal of Australia a trademark registered with United States Patent and Trademark Office?

Could the 'Australian Government' be a corporate entity masquerading as real government, for profit, and not for the purpose of governance?

Does the 'Australian Government' truly represent "the people" and not shareholders in another country?

The Truth About How **We** The People Took Back The World

Why do today's government departments have corporate mission statements like "we provide services **on BEHALF** of government" and "**our CLIENTS** include government..."?

What happened to "we **ARE** government"??

Does this suggest they are NOT true government, but a company masquerading as government?

If a company registered in Washington DC is falsely claiming government status in Australia, what happened to the real (de jure) government with a similar name?

And when?

And are the laws in Australia therefore just rules for employees and contractors of the corporation?

Interesting.

Let's look a little closer...

Perhaps it is a requirement that the Commonwealth of Australia registers as a company entity in order to trade with the United States of America.

Are all the other countries who trade with the United States also registered on the American SEC?

Is 'the United States of America' also registered with ASIC, the Australian Securities & Investments Commission?

The Truth About How "We" The People Took Back The World

And is Australia similarly registered with the corresponding trade regulators in other countries?

The answer appears to be NO.

International trade implies mutual agreement reciprocity a common method of exchange.

But the reality is that the 'COMMONWEALTH OF AUSTRALIA' is registered as a corporate entity with the United States SEC, but not the other way around.

There appear to be no comparable corporate entities registered in other countries with which Australia trades.

And nations ranking among the United States' biggest trading partners do NOT have corporate avatars registered with the American SEC.

Perhaps registration in Washington DC is for the purpose of trading Government Bonds.

Interesting.....

But this strange corporate entity is only half the story.

Before government bonds can even exist, surely there must first be a legitimate government.

Government and the role of Governor-General in Australia

The Truth About How **We** The People Took Back The World

In Australia, the Governor-General is the representative of the Monarch (currently Queen Elizabeth II) and the Administrator of Government. Given that the Governor-General administers government in Australia, government can only exist in Australia with a valid Governor-General.

The Governor-General is reliant upon the existence of the 'Office of Governor-General', which was originally constituted by the late Queen Victoria in Letters Patent dated 29th October 1900, passed under the Monarch's seal – the Great Seal Of The United Kingdom (view Letters Patent 1900).

The power and authority to revoke, alter or amend those Letters Patent was reserved by the late Queen Victoria to her heirs and successors.

Given those Letters Patent were issued under the 'Great Seal of the United Kingdom', surely any revocation, alteration or amendment must be issued by an heir and successor under the same Seal.

The Truth About How "We" The People Took Back The World

So what's the problem?

In 1984, Letters Patent supposedly revoked the original Letters Patent of 1900 and provided new provisions for the Office of Governor-General (view Letters Patent 1984).

This happened under the 'Great Seal of Australia', which we already know is a corporate trademark registered with the United States Patent & Trademark Office in the U.S. (view registration)

Surely such an attempt at revocation cannot therefore be lawful?

And if not, what Office is the Governor-General in Australia presently occupying?

Is the person we call "Governor-General" truly a representative of an "heir and successor" to the late Queen Victoria?

The answer appears to be NO.

Given that the Governor-General appoints Ministers, Judges, Commissioners and Justices of the Peace, and ascribes Royal Assent as the Monarch's representative in Australia – using the Monarch's Seal – in the absence of a valid Governor-General, **are there any legitimate government offices in Australia?**

The Truth About How "We" The People Took Back The World

Again... the answer appears to be NO.

So let's test the theory...

A case study

Wake Up World – Scott Bartle documented his recent dealings with 'Australian Customs & Border Protection Service' in his self-funded documentary

"What The FUQ? – Frequently Unanswered Questions of the Australian Government".

This simple, concise and sometimes hilarious case-study follows Scott's ongoing interactions with a supposed "Government" entity that simply does not behave as a genuine government agency should.

And all he did was ask them to demonstrate their validity!

So... IS the "Australian Government" the same government the original Office of Governor-General was intended to Administer?

It's a question that officials at all levels of "Australian Government" have seem unwilling or unable to answer.

Some readers may think anyone a crack-pot for even asking the question.

"Break out the tin-foil hats!"

They'll cry!

The Truth About How "We" The People Took Back The World

But please...

Before you form an opinion or post a comment on this article, ask the Australian Government the same question yourself.

Queen Victoria

Can you please demonstrate that today's Office of Governor-General is the same Office that was constituted by the late Queen Victoria in Letters Patent of 1900?

It is your right, after all.

And there are certainly some details that don't add up.

But it gets better....

That's odd, they certainly don't ACT like a true government.

At first "Government" may just ignore you.

The Truth About How “We” The People Took Back The World

But since anyone claiming government status has a responsibility to prove it, their silence is very indicative, don't you think?

So push your Government a little further, and see what happens when you really start to question who's who.

Taxes & fines are suddenly waived, and miraculously, licenses & permits are no longer required!

And it doesn't stop there.

Does this sound like the behaviour of legitimate government?

NO, it does not.

If challenged, does a legitimate government not simply demonstrate its validity and continue to act within its lawful authority?

Or does legitimate government exempt that person's responsibilities and wave them through the gates, quickly, quietly and with a minimum of fuss? “Nothing to see here!”

Is this situation unique to Australia?

Let's find out!

So what the FUQ do we do next?

Written enquiries made to Ministers and Government agencies, to the Office of the Prime Minister and to the Office of Governor General remain unanswered.

The Truth About How "We" The People Took Back The World

So in the absence of a response from Government, a possibility might be escalating this matter to the current Monarch, Her Majesty, The Queen.

Surely Her Majesty must know the answer why a corporation in the United States bears the name 'COMMONWEALTH OF AUSTRALIA'.

Why in 1984 her authority to amend the provisions for the Office of Governor-General was granted on a company letterhead why those claiming to represent true government in Australia have been unable to prove that status and why some, when challenged, may suddenly overlook one's obligations and run silently in the other direction.

Chapter 3)

Why So Secretive Julia Gillard About Signing TPP Agreement

Why So Secretive? The Trans-Pacific Partnership as Global Coup

The leaked documents revealed that the Obama administration "intends to bestow radical new political powers upon multinational corporations," as Obama and Kirk have emerged as strong advocates "for policies that environmental activists, financial reform advocates and labor unions have long rejected for eroding key protections currently in domestic laws."

The Truth About How "We" The People Took Back The World

In other words, the already ineffective and mostly toothless environmental, financial, and labor regulations that exist are unacceptable to the Obama administration and the 600 corporations aligned with the TPP who are giving him his orders.

The agreement stipulates that foreign corporations operating in the United States would no longer be subject to domestic U.S. laws regarding protections for the environment, finance or labor rights, and could appeal to an "international tribunal" which would be given the power to overrule American law and impose sanctions on the U.S. for violating the new "rights" of corporations.

So, US citizens are now being moved from an alleged "representative democracy" to a true, universal klepto-corporatocracy with absolutely zero public discussion or debate, **and utterly no choice in the matter.**

But I am certain that those corporate interests which funded Obama in his last two elections are cheering this agreement, because their "investment" in Obama's presidency is about to pay off, big-time.

Why So Secretive?

The Trans-Pacific Partnership as Global Coup

The Truth About How **“We”** The People Took Back The World

November 25, 2012

A summit with leaders of the member states of the Trans-Pacific Strategic Economic Partnership Agreement (TPP) in November, 2010. (Photo: [Gobierno de Chile](#))

The Trans-Pacific Partnership is the [most secretive and “least transparent”](#) trade negotiations in history.

Luckily for the populations and societies that will be affected by the agreement, there are public research organizations and alternative media outlets campaigning against it – and they’ve even released several leaks of draft agreement chapters.

From these leaks, which are not covered by mainstream corporate-controlled news outlets, we are able to get a better understanding of what the Trans-Pacific Partnership actually encompasses.

The Truth About How "We" The People Took Back The World

For example, public interest groups have been warning that the TPP could result in millions of lost jobs.

As a letter from Congress to United States Trade Representative Ron Kirk stated, the TPP "will create binding policies on future Congresses in numerous areas," including "those related to labor, patent and copyright, land use, food, agriculture and product standards, natural resources, the environment, professional licensing, state-owned enterprises and government procurement policies, as well as financial, healthcare, energy, telecommunications and other service sector regulations."

In other words, as promised, the TPP goes far beyond "trade."

Dubbed by many as "NAFTA on steroids" and a "corporate coup," only two of the TPP's 26 chapters actually have anything to do with trade.

Most of it grants far-reaching new rights and privileges to corporations, specifically related to intellectual property rights (copyright and patent laws), as well as constraints on government regulations.

The leaked documents revealed that the Obama administration "intends to bestow radical new political powers upon multinational corporations," as Obama and Kirk have emerged as strong advocates "for policies that environmental activists.

The Truth About How "We" The People Took Back The World

Financial reform advocates and labor unions have long rejected for eroding key protections currently in domestic laws."

In other words, the already ineffective and mostly toothless environmental, financial, and labor regulations that exist are unacceptable to the Obama administration and the 600 corporations aligned with the TPP who are giving him his orders.

The agreement stipulates that foreign corporations operating in the United States would no longer be subject to domestic U.S. laws regarding protections for the environment, finance or labor rights, and could appeal to an "international tribunal" which would be given the power to overrule American law and impose sanctions on the U.S. for violating the new "rights" of corporations.

The "international tribunal" that would dictate the laws of the countries would be staffed by corporate lawyers acting as "judges," thus ensuring that cases taken before them have a "fair and balanced" hearing – fairly balanced in favor of corporate rights above anything else.

A public interest coalition known as Citizens Trade Campaign published a draft of the TPP chapter on "investment" revealing information about the "international tribunal" which would allow corporations to directly sue governments that have barriers to "potential profits."

The Truth About How "We" The People Took Back The World

Arthur Stamoulis, the executive director of Citizens Trade Campaign, explained that the draft texts "clearly contain proposals designed to give transnational corporations special rights that go far beyond those possessed by domestic businesses and American citizens...

A proposal that could have such broad effects on environmental, consumer safety and other public interest regulations deserves public scrutiny and debate. It shouldn't be crafted behind closed doors."

Public Citizen's Global Trade Watch, a public interest organization, undertook an analysis of the leaked document on investment and explained that the international corporate tribunal would allow corporations to overturn national laws and regulations or demand enormous sums in compensation.

With the tribunal "empowered to order payment of unlimited government Treasury funds to foreign investors over TPP claims."

Even under NAFTA, over \$350 million has been paid by NAFTA-aligned governments to corporations for "barriers" to investment "rights," including toxic waste dumps, logging rules, as well as bans on various toxic chemicals.

The Truth About How "We" The People Took Back The World

Because let's be clear for corporations, such regulations and concerns over health, safety and environmental issues are perceived solely as "barriers" to investment and profit.

Thus their "government" would sue the foreign government on behalf of the corporation, on the premise that such regulations led to potential lost profits, for which the corporation should be compensated.

The TPP allows the corporations to directly sue the government in question.

All of the TPP member countries, except for Australia, have agreed to adhere to the jurisdiction of this international tribunal, an unelected, anti-democratic and corporate-staffed kangaroo-court with legal authority over at least ten nations and their populations.

Further, TPP countries have not agreed on a set of obligations for corporations to meet in relation to health, labor or environmental standards, and thus a door is opened for corporations to obtain even more rights and privileges to plunder and exploit.

Where corporate rights are extended, human and democratic rights are dismantled.

One of the most important areas in which the TPP has a profound effect is in relation to intellectual property rights, or copyright and patent laws.

The Truth About How "We" The People Took Back The World

Corporations have been strong advocates of expanding intellectual property rights, namely, their intellectual property rights.

Pharmaceutical corporations are major proponents of these rights and are likely to be among the major beneficiaries of the intellectual property chapter of the TPP.

The pharmaceutical industry ensured that strong patent rules were included in the 1995 World Trade Organization agreement, but ultimately felt that those rules did not go far enough.

Dean Baker, writing in the Guardian, explained that stronger patent rules establish "a government-granted monopoly, often as long as 14 years, that prohibits generic competitors from entering a market based on another company's test results that show a drug to be safe and effective."

Baker noted that such laws are actually "the opposite of free trade" since they "involve increased government intervention in the market" and "restrict competition and lead to higher prices for consumers."

Essentially, what this means is that in poor countries where more people need access to life-saving drugs, and at cheaper cost, it would be impossible for companies or governments to manufacture and sell cheaper generic brands of successful drugs held by multinational corporate patents.

The Truth About How "We" The People Took Back The World

Such an agreement would hand over a monopoly of price-controls to these corporations, allowing them to set the prices as they deem fit, thus making the drugs incredibly expensive and often inaccessible to the people who need them most.

As U.S. Congressman Henry Waxman correctly noted, "In many parts of the world, access to generic drugs means the difference between life and death."

The TPP is expected to increase such corporate patent rights more than any other agreement in history.

Generic drug manufacturers in countries like Vietnam and Malaysia would suffer.

So would sales of larger generics manufacturers in the U.S., Canada, and Australia, which supply low-cost drugs to much of the world.

While the United States has given up the right to negotiate drug prices with pharmaceutical corporations (hence the exorbitant price for drugs purchased in the U.S.), countries like New Zealand and even Canada to a lesser extent negotiate drug prices in order to keep the costs down for consumers.

The TPP will grant new negotiating privileges to corporations, allowing them to appeal decisions by governments to challenge the high cost of drugs or to go with cheap alternatives.

The Truth About How "We" The People Took Back The World

Referring to these changes, the U.S. manager of Doctors Without Borders' Access to Medicines Campaign stated, "Bush was better than Obama on this."

But that's not all the TPP threatens: Internet freedom is also a major target.

The [Council of Canadians](#) and [OpenMedia](#), major campaigners for Internet freedom, have warned that the TPP would "criminalize some everyday uses of the Internet," including music downloads as well as the combining of different media works.

OpenMedia warned that the TPP would "force service providers to collect and hand over your private data without privacy safeguards, and give media conglomerates more power to send you fines in the mail, remove online content – including entire websites – and even terminate your access to the Internet."

Also advanced under the TPP chapter on intellectual property rights, new laws would have to be put in place by governments to regulate Internet usage.

OpenMedia further warned that, from the leaked documents on intellectual property rights, "there can be heavy fines for average citizens online," adding: "you could be fined for clicking on a link, people could be knocked off the Internet and web sites could be locked off."

The Truth About How "We" The People Took Back The World

The TPP, warned OpenMedia founder Steve Anderson, "will limit innovation and free expression."

Under the TPP, there is no distinction between commercial and non-commercial copyright infringement.

Thus, users who download music for personal use would face the same penalties as those who sell pirated music for profit.

Information that is created or shared on social networking sites could have Internet users fined, have their computers seized, their Internet usage terminated, or even get them a jail sentence.

The TPP imposes a "three strikes" system for copyright infringement, where three violations would result in the termination of a household's Internet access.

So, why all the secrecy?

Corporate and political decision-makers study public opinion very closely they know how to manipulate the public based upon what the majority think and believe.

When it comes to "free trade" agreements, public opinion has forced negotiators into the darkness of back-room deals and unaccountable secrecy precisely because populations are so overwhelmingly against such agreements.

The Truth About How "We" The People Took Back The World

An opinion poll from 2011 revealed that the American public has – just over the previous few years – moved from “broad opposition” to “overwhelming opposition” toward NAFTA-style trade deals.

A major NBC News-Wall Street Journal poll from September of 2010 revealed that “the impact of trade and outsourcing is one of the only issues on which Americans of different classes, occupations and political persuasions agree,” with 86% saying that outsourcing jobs by U.S. companies to poor countries was “a top cause of our economic woes,” with 69% thinking that “free trade agreements between the United States and other countries cost the U.S. jobs.”

Only 17% of Americans in 2010 felt that “free trade agreements” benefit the U.S., compared to 28% in 2007.

Because public opinion is strongly – and increasingly – against “free trade agreements,” secrecy is required in order to prevent the public from even knowing about, let alone actively opposing, agreements like the Trans-Pacific Partnership.

And this, as U.S. Trade Representative Kirk explained, is a very “practical” reason for all the secrecy.

Chapter 4)

50 Ways Racist Zionists (RZs) & Israeli State Terrorism (IST) threaten Australia & YOUR country too

Civilized people are well aware of the immense threat to Palestinians, Arabs, Muslims, Asians and Africans from racist Zionists (RZs) and the racist Zionist-promoted US Alliance War on Terror.

Thus non-violent post-invasion violent and non-violent excess deaths in the Occupied Palestinian , Iraqi and Afghan Territories now total 0.3 million, 2.5 million and 4.5 million, respectively; post-invasion under-5 infant deaths total 0.2 million, 0.9 million and 2.4 million, respectively; and refugees total 7 million, 5-6 million and 3-4 million, respectively, plus a further 2.5 million refugees generated in NW Pakistan by Obama war policies.

A further 0.8 million people have died around the world associated with pro-Zionist US Alliance restoration of the Taliban-destroyed Afghan opium industry from 6% of world share to a current 93% of world market share (see "Muslim Holocaust, Muslim Genocide: <http://sites.google.com/site/muslim...>).

The Truth About How “We” The People Took Back The World

It can be estimated that about 0.7 million Indigenous people die avoidably each year in the US Overseas Empire under Obama (see “Hey, hey, USA , how many kids did you kill today? Answer: 1,000”: <http://bellaciao.org/en/spip.php?ar...>).

However people in pro-Zionist Western US Alliance countries – and indeed all countries, including the State of Israel - are also threatened by racist Zionists (RZs), Israeli State Terrorism (IST), US State Terrorism (USST) and US-Israeli state terrorism (USIST) and should ask the question: what is the racist Zionist and Israeli State Terrorist threat to me and my country? Below is an answer to this question for my country, Australia.

The following carefully researched analysis concerned with 50 areas of racist Zionist (RZ), Israeli Organized Crime (IOC) and Israeli State Terrorism (IST) threats to Australians has been carefully prepared for dissemination to Australian law officers, MPs, journalists, academics and other citizens in the public and national interest.

Israeli crimes, whether of Israeli State Terrorism (IST) or Israeli Organized Crime (IOC), have been a no-go area in the Western democracies for decades due to the power of the Israel Lobby as exemplified by the routine defamation of “anti-Semite” applied to anyone (whether Jewish or non-Jewish) objecting to gross Israeli violations of International Law, UN General Assembly and Security Council Resolutions, International Court of Justice decisions, and International Humanitarian Conventions.

The Truth About How "We" The People Took Back The World

Decent anti-racist, humanitarian Jews and non-Jews are appalled by the impositions of the ongoing racist Zionist Palestinian Genocide in the Occupied Palestinian Territory - 0.3 million post-invasion excess deaths; 0.2 million post-invasion under-5 infant deaths; 7 million Palestinian refugees in toto; 85% of Christians have fled; 3,600 under-5 year old Occupied Palestinians are passively murdered by the Israeli Occupiers each year; an estimated 5,700 Occupied Palestinians in general are passively murdered by the Israeli Occupiers each year; about 800 Occupied Palestinians are violently killed by Jewish Israelis each year; 1.5 million Occupied Palestinians (800,000 of them children) are incarcerated without charge or trial in what the Catholic Church describes as Israel's Gaza Concentration Camp, a war criminally starved and blockaded concentration camp that is policed by civilian-targeting military shelling, rocketing and bombing from land, sea and air by the war criminal Israeli Defence Force

(IDF); 2.5 million Occupied Palestinians are similarly confined in ever-dwindling West Bank Bantustans; while 1.5 million Palestinian Israelis are second class citizens subject to race-based Apartheid Laws, the 4 million Occupied Palestinians have no human rights at all.

For anti-racist Jews and indeed all anti-racist humanitarians the core moral messages from the Jewish Holocaust (5-6 million dead, 1 in 6 dying from deprivation) and from the more general WW2 European Holocaust (30 million Slav, Jewish and Gypsy dead) are "zero tolerance for racism", "never again to anyone", "bear witness" and "zero tolerance for lying".

The Truth About How "We" The People Took Back The World

However these sacred injunctions are grossly violated by the anti-Arab anti-Semitic racist Zionists running Apartheid Israel and their Western backers variously involved in the ongoing Palestinian Genocide, Iraqi Genocide and Afghan Genocide (post-invasion violent and non-violent excess deaths 0.3 million, 2.5 million and 4.5 million, respectively; post-invasion under-5 infant deaths 0.2 million, 0.9 million and 2.4 million, respectively; refugees totalling 7 million, 5-6 million and 3-4 million, respectively, plus a further 2.5 million NW Pakistan Pashtun refugees).

It must be noted that for about 2,000 years "Israel" has referred to "Torah and Talmud observant Jews" and it is inappropriate in the extreme to link such devout religious folk with the crimes of the nuclear terrorist rogue state that calls itself the State of Israel (A blasphemy and heresy in itself according to Orthodox Judaism which says that any return to Zion can only happen after the Messiah arrives).

Since the State of Israel imposes race-based, Apartheid laws on its Indigenous Subjects it is accordingly appropriate to refer to it as "Apartheid Israel" or "the State of Israel" rather than as "Israel" which would defame decent, anti-racist, humanitarian, Torah-observant Jews (anti-Semitism) by linking them to horrendous Israeli crimes against humanity.

<http://SouthEastAsiaNews.org>

its not mainstream

The Truth About How "We" The People Took Back The World

Indeed South African heroes in the fight against Apartheid and racism (notably Jewish South African Government Minister Ronnie Kasrils, Nelson Mandela, and Archbishop Tutu) have described the State of Israel as an Apartheid state and even the founder of Apartheid, Dr Henrik Verwoerd, has described the State of Israel as an Apartheid state.

Similarly one must a distinction between innocent religious Zionism (e.g. the Seder wish of "next year in Jerusalem", a prayer for the arrival of the prerequisite Messiah) versus genocidal, secular, blasphemous and heretical, racist Zionism exploited by anti-Arab anti-Semitic and anti-Jewish anti-Semitic Anglo-American imperialism.

All decent, anti-racist, humanitarians must vigorously oppose and sideline those supporting racist Zionism.

Apartheid Israel and racist Western wars and occupations who are currently complicit in 0.7 million non-violent excess deaths annually; continuing, racist perversion of human rights, humanitarian values and rational discourse in the Western democracies; ignoring of worsening climate genocide (that may kill 10 billion non-Europeans this century through unaddressed man-made climate change)

And egregious anti-Jewish anti-Semitism through falsely identifying decent, anti-racist Jews with these appalling crimes.

The Truth About How "We" The People Took Back The World

In short, decent folk have to decide what to believe, the authoritative opinions of a large number of outstanding anti-racist, humanitarian Jewish scholars and writers from Professor Hannah Arendt to Professor Howard Zinn (views echoed by outstanding non-Jews opposed to racist Zionism such as Nobel Peace Prize Laureates Nelson Mandela, Jimmy Carter, Archbishop Tutu and Máiread Maguire and other outstanding writers and thinkers from Australia's John Pilger to India's revered Mahatma Gandhi) versus the propaganda of the genocidal, war criminal, racist Zionist terrorists running Apartheid Israel.

You are referred to the carefully documented compendia entitled Jews Against Racist Zionism and Non-Jews Against Racist Zionism.

Thus consider the following opinion of an outstanding Jewish Israeli academic Professor Avi Shlaim, Professor of International Relations at the prestigious Oxford University, UK: "The only way to make sense of Israel's senseless war in Gaza [2008-2009] is through understanding the historical context.

Establishing the state of Israel in May 1948 involved a monumental injustice to the Palestinians ... This brief review of Israel's record over the past four decades makes it difficult to resist the conclusion that it has become a rogue state with "an utterly unscrupulous set of leaders".

The Truth About How "We" The People Took Back The World

A rogue state habitually violates international law, possesses weapons of mass destruction and practises terrorism - the use of violence against civilians for political purposes.

Israel fulfils all of these three criteria; the cap fits and it must wear it.

Israel's real aim is not peaceful coexistence with its Palestinian neighbours but military domination.

It keeps compounding the mistakes of the past with new and more disastrous ones.

Politicians, like everyone else, are of course free to repeat the lies and mistakes of the past.

But it is not mandatory to do so".

The bottom-line moral position for decent folk is that expressed by outstanding Jewish American scholar Professor Jared Diamond who in his best-selling book "Collapse" (Prologue, p10, Penguin edition) enunciated the "moral principle, namely that it is morally wrong for one people to dispossess, subjugate, or exterminate another people"– an injunction grossly violated by racist Zionist

(RZ)-run Apartheid Israel and its racist, genocide-committing and genocide-ignoring US Alliance backers.

The recent massive destruction and mass murder wrought by the Israelis in Lebanon (2006)

The Truth About How "We" The People Took Back The World

And in Gaza (2006 and 2008-2009) has prompted outrage from many anti-racist, humanitarian Jewish people and non-Jewish people concerned about (a) the humanitarian catastrophe from Israeli war crimes and (b) the huge threat posed to decent, humanitarian Jewish people around the world (as well as to Humanity as a whole) by such Israeli atrocities.

Law enforcement officers, MPs, media and other citizenry can take courage from (a) articulate opposition by eminent Jewish and non-Jewish scholars and writers to Zionist and Israeli crimes against humanity and (b) the recent media revelations of how Israeli State Terrorism (IST) and Israeli Organized Crime (IOC) both flout, for criminal purposes, the border protection laws of pro-Israeli western countries (notably the UK, Australia and EU countries).

Below is a summary of 50 major areas of concern in relation to Israeli and Zionist criminal activity, including Israeli State Terrorism (IST) and Israeli Organized Crime (IOC), in Australia.

As far as possible this catalogue has been referenced to Jewish sources to minimize any conceivable plausibility of the inevitable, false, racist Zionist canard of "anti-Semitism".

I should also add that my father was a Jewish refugee from Nazism to Australia in 1939 and to my knowledge only about a dozen of my family survived the racist Zionist

The Truth About How "We" The People Took Back The World

(RZ)-complicit Jewish Holocaust in Hungary, 1944-1945 that killed 0.2-0.4 million Hungarian Jews out of a Jewish Community of 0.7 million.

This catalogue of Israeli State Terrorism (IST) crimes has been prepared in the public and national interest as recommended by the extensive Australian Federal Government campaign exemplified by the refrigerator magnet card (still on my refrigerator): "Let's look out for Australia. Protecting our way of life from a possible terrorist threat". However state terrorism (as exemplified by Israeli State Terrorism) is vastly more deadly than non-state terrorism.

The preparedness of violent, racist and genocidal Apartheid Israel to deliberately and indeed routinely flout International Laws, National Laws, national border protection arrangements and indeed what Catholic theologians describe as the Natural Law, puts Australia at acute risk from Israeli State Terrorism.

Thus violent and non-violent excess deaths (avoidable deaths) in Zionist-backed US Asian wars now total about 10 million (1990-2010) as compared to about 7,000 Westerners allegedly murdered by Muslim non-state terrorism in the last 40 years (this latter figure including about 2,000 Israelis occupying Indigenous Palestinian land and ignoring compelling scientific evidence for explosive demolition of the WTC buildings and hence US Government involvement in the murder of 3,000 people on 9-11 with the likelihood of IST involvement in that atrocity).

The Truth About How "We" The People Took Back The World

All these areas of serious concern require urgent investigation using the resources available to the State Police, the Australian Federal Police, the Australian Security and Intelligence Organization (ASIO) and other Australian agencies.

It must be stated that prevalent academic, politician and media ignoring or obfuscation of these serious concerns raises the serious issue of Australians being accessories after the fact of serious Israeli State Terrorism (IST) and Israeli Organized Crime (IOC) crimes against and threats to Australia.

[This detailed submission to Australian authorities has been hugely abridged below to simply the title of each of 50 major concerns with a key summary given in parentheses; for the complete detailed and documented submission see:

<http://sites.google.com/site/palest...>].

1. Zionist passport fraud and violation of Australian border protection (IST regularly forges Australian passports for criminal purposes).
2. Israeli domination of global Ecstasy Trade (the Israelis lead the world in the Ecstasy trade according to the US State Department).
3. Zionist pro-war activism and illegal movement of opiate drugs (the Zionist-promoted War on Terror resulted in US restoration of the Taliban-destroyed Afghan opium industry and 0.1 million opiate drug deaths annually, 400 in Australia and 12,000 in the US).

The Truth About How "We" The People Took Back The World

4. Zionists and the cocaine trade in Australia (Zionist links to the illicit cocaine trade in Australia).
5. Zionists and illegal movement of weapons (anecdotal evidence of weapons smuggling via Australia; IST violates Australian border protection).
6. Zionists and Israeli state-sponsored illegal drugs movements (drug movement means money movement for IST- and CIA-linked terrorism).
7. Zionist blackmail and defamation of Australians, including elected representatives (Australians in public life are threatened with the false "anti-Semitism" smear for any criticism of Apartheid Israel).
8. Criminal defamation of Australians and blackmail of law officers by Zionists (Australian law officers are incorrectly zealous over harmless Muslims but evidently inactive over Israeli state terrorists).
9. Silence kills and silence is complicity – Zionist holocaust denial, holocaust ignoring and genocide ignoring (shocking Zionist censorship of genocide history, the WW2 Bengali Holocaust, the WW2 Holocaust involving 30 million Slav, Jewish and Gypsy deaths and the ongoing Palestinian Genocide, Iraqi Genocide, Afghan Genocide, Muslim Genocide, Biofuel Genocide and Climate Genocide).

The Truth About How "We" The People Took Back The World

10. Actual or potential dual citizen Zionist political patronage involving the proceeds of crime (huge support for the pro-Zionist Australian Labor Party, aka the Apartheid Labor Party, from Australia's top Zionist white collar criminal).

11. Financial support for racist Zionist (RZ) Palestinian Genocide is tax deductible in Australia (donations to the Jewish National Fund operations on genocide-derived Palestinian lands is tax deductible in Australia).

12. Zionist and Australian involvement in murder and mass murder (various racist Zionist (RZ) and Australian involvement in Palestinian Genocide, Iraqi Genocide and Afghan Genocide, post-invasion excess deaths 0.3, 2.5 and 4.5 million, respectively, and refugees totalling 7 million, 5-6 million and 3-4 million, respectively, with a further 2.5 million Pashtun refugees from NW Pakistan).

13. Political sidelining of Australian politicians concerned about Zionist-backed wars (political destruction of the only MP to have asked the Australian House of Representatives about how many people have been killed in Occupied Iraq).

14. Australians have become "accessories after the fact" of racist Zionist crimes (after the CIA-linked coup against the Whitlam Labor Government in 1975, Labor has gone all the way with a pro-Zionist USA and its genocidal Asian wars).

The Truth About How "We" The People Took Back The World

15. Zionist money laundering in Australia (passport fraud and proceeds of crime going to the JNF and political parties)..

16. Indirect Australian involvement in Zionist genocide and ethnic cleansing (Australian diplomatic support for Apartheid Israel and Australian donations .towards the Palestinian Genocide are tax deductible).

17. Israeli involvement in criminal activities in the South Pacific (passport fraud in Australia and New Zealand and possible IST mercenary involvement in the 1987 and 2001 Fiji coups).

18. Zionist war crimes directly involving Australia and Australians (Australia complicit in the Palestinian Genocide and militarily involved in the Zionist-promoted Iraqi Genocide and Afghan Genocide).

19. Zionist war crimes against Australians and Westerners (mass murdering Israeli attack on the USS Liberty in 1967, Israeli bombing of scores of thousands of Australian and Western citizens in Lebanon in 2006 and bombing of Western citizens in Gaza in 2006 and 2008-2009).

20. Zionist terrorist and war crimes against military personnel of Australia's allies, notably the US and the UK (Zionist collaboration with the Nazis before and during WW2, Irgun terrorism against the British and Palestinians and mass murder of Americans in the Israeli attack on the USS Liberty in 1967).

The Truth About How "We" The People Took Back The World

21. Racist Zionist theft of property of Australian citizens (massive Israeli theft of the property of Palestinian Australians).
22. Racist Zionist promotion of Australian support for the Iraqi Genocide (excess deaths 4.4 million, under-5 infant deaths 2.1 million, and refugees 5-6 million, 1990-2010; Genocide as defined by Article 2 of the UN Genocide Convention).
23. Racist Zionist promotion of Australian support for the Palestinian Genocide (post-invasion excess deaths 0.3 million, under-5 infant deaths 0.2 million, 7 million refugees; Genocide as defined by Article 2 of the UN Genocide Convention).
24. Zionist promotion of Australian involvement in the ongoing Afghan Holocaust and Afghan Genocide (post-invasion excess deaths 4.5 million, under-5 infant deaths 2.4 million, 3-4 million refugees plus a further 2.5 million NW Pakistan Pashtun refugees; Genocide as defined by Article 2 of the UN Genocide Convention).
25. Racist Zionist promotion of Australian support for the ongoing Muslim Holocaust and Muslim Genocide (RZ warmongering , Islamophobia, anti-Arab anti-Semitism, political bribery, blackmail and terror hysteria; Genocide as defined by Article 2 of the UN Genocide Convention).

The Truth About How "We" The People Took Back The World

26. Racist Zionist (RZ) perversion of Australian media and Australian values (resultant unethical, holocaust-ignoring, PC racist, pro-war and pro-Zionist mainstream media).

27. Zionist perversion of the taxpayer-funded Australia Broadcasting Corporation (ABC) (the best mainstream medium in Australia is nevertheless pro-Zionist, pro-war and ignores the horrendous human cost of the War on Terror).

28. Does the world-leading Israeli illegal trade in body parts involve Australians? (Israelis are world leaders in the international illegal body parts trade).

29. Zionist involvement in illegal immigration, people smuggling and violation of Australia border security (regular passport fraud and criminality plus RZ involvement in creation of 20 million Muslim refugees).

30. Zionist involvement in international sex slave trafficking in Australia? (RZ criminality, major sex slave trafficking to Australia and weak law enforcement suggest this possibility).

31. Are there connections between Zionist terrorism and the Russian Mafia in Australia? (IST and IOC criminality and international border violation plus massive Russian migration to Apartheid Israel in the 1990s suggest this possibility)

The Truth About How "We" The People Took Back The World

32. Racist Zionist perversion of Australia and racist, anti-Indigenous Australian legislation (both Apartheid Israel and its backer Apartheid Australia grossly violate the human rights of Indigenous people of Palestine and Australia, respectively).

33. Actual or prospective dual citizen racist Zionist treason against Australia (primary RZ allegiance to a nuclear terrorist rogue state Apartheid Israel coupled with Apartheid Australia support for Apartheid Israel). .

34. Israeli State Terrorism threatens Middle East Australian citizens and their families (25,000 Australian citizens bombed in Lebanon in 2006 and other Middle East Australians are likewise threatened).

35. Racist Zionism and perversion of Australian universities (financial squeezing, and neocon and RZ pressures have created a subdued and complicit academy)..

36. IST and IDF state terrorists take R &R in Australia (IST and IDF personnel are free to come and go from Australia for Rest and Recuperation or for criminal purposes).

37. Racist Zionism, perversion of Australian values and Australian complicity in war criminal passive mass murder of children (RZ subversion means Australia ignores horrendous infant deaths in the Occupied Iraqi and Afghan Territories and Australian complicity in these war crimes).

The Truth About How "We" The People Took Back The World

The annual death rate is 7% for infants in Australia – occupied Afghanistan as compared to 4% for Poles in Nazi-occupied Poland in WW2).

38. Racist Zionism, Israeli State terrorism and insider trading (there is major Zionist white collar crime and a propensity for immense profits from inside knowledge of the timing of bellicose Israeli words or actions).

39. Zionist holocaust ignoring, holocaust denial, terrorism ignoring, terrorism denial and perversion of Australian school children by intellectual child abuse (massive censorship of RZ-linked major holocaust or genocide events and the holocaust-ignoring Labor Government National History Curriculum).

40. Zionist IST terrorist threat to aviation and Australian air travellers (IST has been involved in mass murder of air passengers).

41. Zionism and perversion of rational risk management in Australia (massive RZ lying, terror hysteria and subversion of media has perverted rational risk management in Australia) .

42. Huge terrorism threat to Australia from Zionist-beholden US and Apartheid Israel state terrorism (the US and IST practise and derive great benefit from state terrorist atrocities and would similarly benefit from "false flag" terrorism in Australia) .

The Truth About How "We" The People Took Back The World

43. Racist Zionist Islamophobia, anti-Arab anti-Semitism, Muslim Genocide and the national interest (Australia's major stake in friendly trade, sporting and cultural links with great, substantially Muslim, neighbouring democracies is threatened by its participation the racist Zionist (RZ)-promoted Muslim Genocide).

44. Racist Zionism, Australia, Israeli State Terrorism and very probable US responsibility for the 9-11 atrocity (state-of-the-art chemical physics evidence from Professor Niels Harrit at the University of Copenhagen for the presence of unexploded nanothermite high explosive in all World Trade Center dust samples studied points to US involvement, and hence likely IST involvement, in the 9-11 atrocity).

45. Racist Zionism and Australians as new Occupied Palestinians (Australians escaped becoming New Occupied Palestinians in 1944 with the rejection of the Steinberg plan for Jewish colonization of NW Australia – however post-1975 Australia has become a mindless lackey of a Zionist-beholden US).

46. Racist Zionist threat to Australian and World Jewry and the New Anti-Jewish Anti-Semitism in Australia (pro-Zionist neocon and RZ attribution of Israeli actions to all Jews is anti-Jewish anti-Semitic defamation and a huge threat to all decent Jews around the world; the Australian Mainstream swallow the lying propaganda of Israeli war criminals, racist Zionists and IST operatives to the exclusion of the views of outstanding anti-racist and humanitarian Jewish scholars).

The Truth About How "We" The People Took Back The World

47. Racist Zionist lies, spin and the climate denialist threat (the RZs have environmentally devastated Palestine but their culture of lying, racism and denial assists the neocon threat of Climate Genocide in which 10 billion non-Europeans are predicted to perish this century due to unaddressed man-made global warming). .

48. Australia as an emigration destination for war criminal racist Zionist Israelis (Australia became a haven for Nazi and neo-Nazi war criminals after WW2 and now is a haven for IST operatives as well as for decent anti-racist Israelis).

49. Racist Zionists, Israeli State Terrorism and Australian toleration of Western state terrorism (Australia is complicit in US and Israeli state terrorism and indeed has removed from its proscribed terrorist list the RZ Irgun terrorist organization that collaborated with the Nazis before and during WW2, killed Allied servicemen and mass murdered Palestinians postwar and is intimately linked with the present war criminal and genocidal Israeli Government).

50. Potential or actual dual citizen racist Zionists violating fundamental Australian values and Australian security (Australia, a country that led the world in many social innovations, is now in thrall to the evil of genocidal, warmongering, human rights-abusing and intrinsically neo-Nazi racist Zionism).

The Truth About How "We" The People Took Back The World

This document summarizes 50 major areas of concern in relation to Israeli and Zionist criminal activity, including Israeli State Terrorism (IST) and Israeli Organized Crime (IOC), in Australia.

Some of the crimes referred to cannot be prosecuted in Australia while being offences in other countries or violating International Law.

Some of the racist Zionist crimes cannot be prosecuted either in Australia or overseas but nevertheless profoundly offend those holding to anti-racist, humanitarian principles.

For anti-racist Jews and indeed all anti-racist humanitarians the core moral messages from the Jewish Holocaust (5-6 million dead, 1 in 6 dying from deprivation) and from the more general WW2 European Holocaust (30 million Slav, Jewish and Gypsy dead) are "zero tolerance for racism", "never again to anyone", "bear witness" and "zero tolerance for lying".

The racist Zionists should be sidelined in the Western democracies as have been like racist groups such as the Nazis, neo-Nazis and KKK. Unfortunately the converse obtains in Australia where racist Zionism has a major and disproportionate influence in academia, media and political life. Israeli State Terrorism (IST) and Israeli Organized Crime (IOC) represent major threats to Australia and indeed to the World, particularly because racist Zionist-run

The Truth About How "We" The People Took Back The World

Apartheid Israel has become a nuclear terrorist rogue state that considers itself above International Law, national laws, the Natural Law and human rights conventions.

When there is any suggestion of criminality law officers are obliged to resolutely investigate and prosecute with due diligence - the alternative makes our society an accessory to racist Zionist (RZ), Israeli State Terrorism (IST) and Israeli Organized Crime (IOC) crimes against Australia, International and National Law and Humanity.

Peace is the only way but silence kills and silence is complicity.

Please inform everyone you can and act responsibly in the interests of Australia and Humanity.

SEARCH FOR TRUTH

"STOP THIEF!"

"They no sooner heard the cry, then guessing how the matter stood, they issued forth with great promptitude; and shouting 'Stop Thief!' too, joined in the pursuit like good citizens."--Oliver Twist
